Product Description

Interion® By Global Industrial Partition Panels With Windows have all the specifications of our standard partitions with the added feature of a 5mm thick window. Translucent polycarbonate windows allow light in while still maintaining privacy, bringing an elegant and upscale look to any office space. Partition panels can be used to wrap around existing desks or new office furniture to create private office spaces, cubicles, reception stations and call centers for any office environment. The room partition panel is flame retardant to meet

the California 117 flammability standard. 1-3/4" thick fabric upholstered panel features an interior engineered wood (MDF) frame and honeycomb core covered with heavy tackable liner for structural strength and support. Panel trim is finished with self-extinguishing extruded polymer that offers optimum safety and rigidity. Partition includes adjustable leveling feet that are ideal for uneven surfaces. Purchase steel connectors to join multiple partitions and create various cubicle configurations (sold separately). 1 Year Limited Warranty.
