L.H.Dottie® Hex Head Tap Bolt, Silicon Bronze, 1/4"-20 x 2", 100 Pack

★★★★★ (0)

Ships in 2 Business Days

Product Description

Silicon Bronze Hex Head Tap Bolts are used with silicon bronze nuts and washers when fastening machinery/equipment in non-critical applications. They are a corrosion resistance and temperature resistance alloy, making them the superior choice over brass for marine applications. They can also be used where good electrical conductivity is needed such as for grounding applications.

Special Features:

- Corrosion Resistance

- Harder than Brass
- Tolerates Extreme Temperatures

Specifications

Weights & Dimensions

Length	2
Size	1/4 x 2
Head	Hex
Thread	20 in
Min Tensile Strength	70000 psi
Unit of Measurement	Inch (Imperial)

Product Details

Country of Origin	United States
Finish	Steel
Material	Silicon Bronze
Package Quantity	100
Manufacturers Part Number	MBBZ142
Full or Partial Thread	Full
Brand	L.H.Dottie

Compliance & Certifications

Certifications	ASME B1.1 - 2003 (R2008), IFI - 199, ASTM F468-2013, Silicon Bronze
