Available on or around 12/10/2026

Product Description

PERIMETER PATROL™ WIRE SECURITY PARTITIONS
Perimeter Patrol™ Welded Wire Fence - Powder Coat Finish - 8 Panel Kit

Wire security partitions create enclosed, secure spaces that are great for outdoor areas. Security partitions help create wire fences that are great for limiting access to restricted areas. Framing is made of 1-1/8" diameter x 19 gauge tubular steel. All panels include two galvanized clamps attached to each panel and 24"L x 9"W steel base plates. Safety yellow base plates allow floor anchoring for permanent installation. Wire fences are made of 8

gauge wire in 2" x 4" welded mesh pattern. Perimeter Patrol™ Panels are reinforced with a vertical 1-1/8" square tube steel support for extra strength. The product includes (8) Panels w/Clamps, (9) Bases
