Product Description

Light duty reinforced water activated tape is recommended for boxes approximately up to 30 lbs. Reinforced water activated tape features fiberglass reinforcement for added strength and durability. Water activated tape bonds to corrugated even in dusty or dirty conditions. Reinforced tape seals boxes with one piece of tape. Water Activated Adhesive bonds to corrugated even in dusty or dirty conditions. Reinforced tape seals boxes with one piece of tape. Holland Manufacturing developed Green Wave in response to the global demand for more environmentally responsible carton sealing tape. Green Wave is a reinforced water activated tape made with more environmentally friendly materials and an energy conserving process. All raw material in Green Wave are non-petroleum based.

Paper: Repulpable, recyclable and biodegradable. **Reinforcement:** Fiberglass - Machine and cross machine direction. **Adhesive:** New and improved super-stick 500 formula. Repulpable, recyclable and biodegradable. **Laminate**: Exclusive "green" Eco-Friendly laminate. Fully recyclable, repulpable and biodegradable.

Features:

- Permanent Carton Closure
- Pilfer proof for security
- Durability and Strength
- Environmentally friendly
- Closure appearance

Specifications

Weights & Dimensions

Length	125 yd
Width	3 in
Up To Box Weight	30 lbs
Thickness	6.5 mil
Tensile Strength	52-57 lb/in

Product Details

Type	Water Activated Paper Tape
Color	White
Series	H30
Application Temperature Range	60 - 100° F °F
Tape Duty	Light
Material	Fiberglass Reinforced Kraft Paper

Description	Economy Reinforced Kraft Tape
Package Quantity	8
Manufacturers Part Number	H30WW72X375
Brand	Holland
