Product Description

Global™ 60" LED Aluminum Shop Light, 35W, 4000K, 4375 Lumens

These commercial quality work lights produce over 4,000 lumens of light, ideal for the most intricate of tasks. Aluminum construction and a sleek modern design provide durability in a lightweight fixture. Ideal for use in workshops, above workbenches, utility rooms, and garages. Lights are height adjustable allowing the flexibility to hang from 2" to 48" from the mounting plates, for close work or diffused light operation. 20" pull cord provides easy on/off

operation. Air Craft Cables w/ brackets are included for mounting. 6 ft. power cord w/ plug for easy set up. LEDs have a 50,000 hour rated life, 80 CRI, 4000K color temperature, 120 volt. Conforms to ETL and cETL standards.
