Product Description

Anti-Slip Traction Stadium Grit Tape Roll, 4" x 60 Feet

Public buildings, stadiums, arenas and parking garages are major areas of concern for slip and fall accidents. Our Stadium Track Tape was developed for these high traffic, high visibility applications. The tape has a muted yellow appearance that adds a visible safety feature, and it maintains its appearance because of the black particles mixed in with the yellow surface. Even after heavy foot traffic the tape will still not look dirty.

The 46-grit anti-slip surface offers a high level of traction and durability. If public safety is part of your program, this is a great product choice. Great for both indoor and outdoor

applications and offers excellent water and weather resistance. **For use on smooth surfaces only**

Meets NFSI 101-A "High Traction" OSHA 1910.24 and 1910.26.

Specifications

Weights & Dimensions

Length	60 ft
Width	4 in

Product Details

Style	High Traffic / High Visibility
Type	Stadium Grit
