Product Description

3M™ 415 Double Coated Tape 2" x 36 Yds. 4 Mil Clear - 24 Rolls/Case

3M™ Double Coated Tape 415 is a double coated tape that offers a balance of high initial adhesion and good holding power on a variety of substrates, especially paper. Double sided adhesion increases dimensional stability for easy handling, making it an ideal choice for both zero speed and flying splices during printing. 3M™ Double Coated Tape 415 is a 4.0 mil double coated polyester tape with 3M™ Acrylic Adhesive 400 mounted on a 60. lb densified kraft paper liner. It offers excellent UV resistance, with good temperature and humidity resistance for high performance splicing during rigorous printing applications. This

tape will perform well up to 180° F/82° C in the short term, and up to 150° F/65° C for days or weeks. It adheres well to a variety of high and low surface energy substrates including metals, glass, wood, paints and many plastics, as well as most grades of paper, films and foils, and clay coated and corrugated paper stock.

Details:

- Ideal for printing applications, with high tack and adhesion to most paper stocks
- Double sided adhesion increases dimensional stability for easy handling during print splicing
- Excellent UV, moderate temperature and good humidity resistance to ensure performance in a variety of situations
- Densified kraft paper liner ensures easy handling
- Good adhesion to a variety of substrates, including low and high surface energy substrates

Recommended Applications:

- High-speed flying splices on most grades of paper
- Zero speed splices on most grades of paper
- Web splicing
- Core starting
- Films and foils

Specifications

Weights & Dimensions

Length	36 yd
Width	2 in
Thickness	4 mil
Core Size	3 in

Product Details

Type	Double Coated Film Tape

Material	Polyester, Kraft Paper Liner
Package Quantity	24
Color	Clear
Manufacturers Part Number	7000048399
Tape Duty	Light to Medium
Brand	3M
