3M™ Safety-Walk™ Slip-Resistant Med. Resilient Tapes/Treads 370, 2"W x 60'L, Gray - Pkg Qty 2

★★★★★ (0)

Ships Same Day

Product Description

Features a resilient, non-mineral, slip-resistant material. Soft surface is suitable for bare feet. For locker rooms and recreational/athletic equipment, boats and docks, interior stairwells, entryways and lobbies. Available in custom sizes and colors, and with custom adhesives. 3M™ Safety-Walk™ Slip Resistant Tapes and Treads Series 300 has been certified by the National Floor Safety Institute (NFSI) as providing "high-traction." A wet static coefficient of friction (SCOF) of greater than 0.60 was chosen by NFSI as the criteria for "high traction" because according to NFSI, floor surfaces maintaining this level of slip

resistance when wet have proven to reduce slip-and-fall claims by between 50% and 90%.
