Product Description

✓ Ideal for all types of machines including High Efficiency (HE)
✓ Suitable for all water temperatures and conditions
✓ Low-foam controlled sudsing action

The Global Industrial™ Liquid Laundry Detergent is an all-fabric, all-temperature liquid laundry detergent. It is perfect for use in all commercial, high efficiency (HE), and home

style machines. Fast-acting, high performance surfactants gently loosen, lift, and suspend soils from fabric. Loosened soils remain in suspension and are encapsulated with anti-soiling agents for complete rinsing. Leaves cleaned clothes and linens with a lingering fresh clean scent.
