Ships within 1 Business Day

Product Description

✓ Strong, lightweight expanded metal mesh promotes airflow
✓ Blue thermoplastic coating resists corrosion, fading & heat accumulation
✓ Includes stainless steel hardware and (24) acorn safety caps

DESIGNED FOR OUTDOORS:
Ideal for any outdoor setting, including schools, camps, parks, corporate or hospital break areas, and any outdoor environment requiring seating or dining options. Smooth, glossy

thermoplastic exterior coating on the tabletop & benches is UV-resistant to protect from fading, is engineered to withstand summer heat & winter cold, and is thermal-stable to stay comfortable even in direct summer sun.

BUILT TO CARRY THE LOAD:
High weight capacities for the tabletop & benches ensure a safe & comfortable experience with a 300-pound capacity per bench and 1000-pound weight capacity for the tabletop.

COMFORTABLE SEATING:
This 46" round tabletop can hold all the food & beverages users bring, while the four bench seats measure 42-1/2" long x 12" wide, allowing 2 average adults or kids to easily fit on each bench. Beveled edges and rounded corners ensure a safe & comfortable experience. A center hole accepts umbrella poles up to 1-1/2" in diameter.

RESISTANCE TO THEFT & VANDALISM:
To deter theft, this unit features a steel center post that installs directly into 18" of concrete. The open diamond pattern of the expanded metal makes an unappealing surface for graffiti and paint does not adhere well to the thermoplastic coating, making it easy to clean.

INDUSTRIAL STRENGTH:
Heavy-duty expanded metal mesh seats & tabletop promotes airflow, prevents snow & dust accumulation, and limits standing water. Heavy-gauge galvanized tubular steel frame is finished in a corrosion-resistant black powder coat. Stainless steel hardware won't rust or corrode over time and comes with plastic protective acorn nuts that prevent injuries from rubbing against exposed bolt ends.

- Limited 7-Year Warranty
