Ships within 1 Business Day

Product Description

Tuff Mark® provides a long lasting solution for marking floors, aisles, walkways and work flow in your facilities. This extra-tough, low profile, easy to apply Floor Marking product is made with heavy duty materials for high durability. Abrasion and chemical resistant. The rigid construction makes this tape easy to install as well as easy to clean and maintain. The aggressive adhesive will bond to most floors making this tape resistant to tearing, wrinkling or lifting even under heavy forklift traffic. Once applied, the low profile design makes this tape a great choice for use in areas with forklift, hand truck or pedestrian traffic. Removes from most floor surfaces cleanly without chipping, tearing or leaving unsightly adhesive residue.

Tuff Mark® Standards:

- ANSI Standard Z535.1 for color
- Average dry BPN: 125 (Dynamic slip resistance using ASTM E303-93 (2013) pendulum test method)
- Average dynamic coefficient of friction: Overall average: Dry 0.60 (ANSI A137.1 flooring slip resistance test)

Specifications

Weights & Dimensions

Length	100 ft
Width	2 in
Weight	2 lbs
Thickness	7.7 mil

Product Details

Type	Floor Marking Tape
Color	Yellow/Black
Pattern	Striped
Material	Polyester
Package Quantity	1
Description	Floor Marking Tape
Manufacturers Part Number	TM1202YB
Reflective Type	Non Reflective
