Ships within 1 Business Day

Product Description

72"W x 30"D Adjustable Height Workbench C-Channel Leg - ESD Plastic Safety Edge - Gray

Conductive white plastic 1 1/4" thick top. Ideal when static electricity control is required. Properly grounded work surface rapidly bleeds off static build-up and prevents damage to sensitive electronic circuitry during assembly. Dissipates 5000 volt static charge in .01

seconds with surface resistance of 10^{10} Ohms. cleans easily with soap and water. Complies with MIL-B81705B and 101B, 101C, Method 4046. Adjustable height legs feature removable duplex knockouts on front and rear for installation of either a hard wired electrical outlet or an optional plug-in outlet that easily screws into place with no wiring necessary. Steel parts are finished with scratch resistant gray powder coat.

Bench stringer comes with mounting hardware to assemble legs to the bench top.

Leg height adjusts in 1-1/2" increments.

Specifications
